Visit Our Nursery

Many things of interest will be found, in a trip thru our Nursery. Especially is this true, in the summer time, when you will see many thousands of Dahlias, Gladioli, and Hardy Perennials blooming on every side; a riot of color, as well as interesting to all flower lovers. Evergreens, Shrubs and Trees, are always at their best in June. Peonies in early June, Dahlias and Gladioli in late August, Hardy Perennials from late May to fall frosts. An ideal time to make your selections, for planting around your home, is while the above mentioned are in bloom; so often catalogue descriptions vary in one’s mind, from the reality. Visitors are always welcome at “WILMORES”.

We strive at all times to give service to our customers; we instruct every one in our employ, to be efficient and courteous. We will greatly appreciate, being informed of any act, to the contrary.

How to Order Dahlias

It would be well for each purchaser, when making out an order, to name several varieties as a second choice, for the reason that some of the varieties may be out of stock when the order reaches us; or if not familiar with varieties, we will gladly make selections for you if you will mention the colors and forms wanted. Long experience places each variety before us as an open book. No orders filled for less than one dollar.

Why Not Send a Present?

The national slogan of the Florists’ Association appeals to not only the human heart, but the reason as well: “Say It With Flowers.”

Flowers are the pure gold of the human thought, requiring neither scholarship or great intelligence in the interpretation.

From the earliest history of the race they have had a place reserved in the human heart, speaking its best emotions. No more enduring or appropriate expression of friendship could possibly be made than a present of a shrub, plant, or collection of choice dahlias or gladioli, reminding one daily of a friendship, affection, or association of a pleasant past or present.

Many of the items or made up collections among these pages are just suited to this purpose and may be sent at moderate cost. Page 9.

TERMS OF BUSINESS

First—The cash must accompany the order.

Second—Remittances may be sent in any way most convenient to the purchaser.

Third—Prices quoted include postage or express charges to all railway points in the United States when purchased at retail, except where noted.

Fourth—Non-Warranty: We guarantee the safe arrival of goods by mail or express and will continue to use the same careful, painstaking methods in filling orders with stock of known vitality and of superior merit, but will not be responsible for future results or failures. Errors should be reported at once.

RESIDENTS OF COLORADO BE SURE AND ADD SALES TAX.

PURCHASERS OF DAHLIAS MAY TAKE THE FOLLOWING LIBERAL DISCOUNTS

Orders amounting to $10.00, add stock to the value of 10% of the order.

Orders amounting to $20.00, add stock to the value of 15% of the order.

Orders amounting to $25.00 or over, add stock to the value of 20% of the order.

No further discounts allowed on sets or made-up collections where a discount is already figured off or where special rates are given. Nursery department prices are also net.

Don’t be surprised if you find an “Extra” in your order. We try to show appreciation.

NOTE—CASH DISCOUNTS ARE NOT PERMISSIBLE. THE DISCOUNT MUST BE TAKEN IN STOCK. ORDER EXTRA STOCK FOR DISCOUNT VALUE.
Dahlmoor Jubilee (W)

In form I would class this new Introduction as a Hybrid Cactus. The plant is of upright growth with many side branches attaining a height of 5 feet.

Stems are dark metallic bronze. Leaves large and leathery in texture. Stems long and wiry holding the flower to full face view. In size it would be classed as medium to large; 7 to 8 inch diameter without disbudding. Color, rich American Beauty red without shading or variation in color, combining well with the dark metallic foliage. Prolific in root formation. Highly recommended. Strong roots, $3.50 each.

It was my ambition to introduce this variety last season with my "Golden Jubilee Catalog" but stock was too limited to do so until this year.
Mrs. Verner Z. Reed (W) 1933

This new decorative dahlia is indeed a Dahlia of Distinction. It combines all the good qualities of a modern first-class dahlia. Upright, vigorous growth reaching a height of from 5 to 6 feet. Stems and trunk dark metallic shade. Stems very long and wiry holding the gorgeous flower in perfect position. Flowers range from 7-9 inches in diameter. By disbudding much larger. The color is a unique shading not often seen in a flower and one difficult to properly describe. Perhaps violet-lavender would be near to its color. Yet it has a shading of old rose and amber at the base of the petals. A strikingly handsome flower. Strong roots, $1.50 each.
Mrs. Henry Sewall (W) 1932. Hybrid Cactus

The plant is of extra strong growth with broad healthy leaves and strong side branches. Grows to a height of 4 to 5 feet. Flower stems are long and rigid, holding the flower well above the foliage with no suggestion even of drooping. Flowers are extra large with a diameter of 8 to 9½ inches naturally. By disbudding will reach a diameter of 11 to 12 inches. Petals are long and shaggy, curving backward giving a plume effect. Color, lemon yellow without shading or variation, nor does it show fading with age. An early and continuous bloomer. Mrs. Henry Sewall is superior to any yellow dahlia we have yet seen. An abundant producer of roots. Price, roots, $1.50 each.
Dr. Henry Sewall II (W) 1932. Decorative

A companion flower to Mrs. Henry Sewall, as these two illustrious people have been to each other through life. Dr. Henry Sewall II is a fine new decorative. Strong and erect in growth with strong healthy foliage and an abundance of large fine flowers borne on long stems. Flowers medium to large, finely formed, and always full centered. Plant attains a height of 5 to 6 feet. In color a unique shade not often found in flowers. Perhaps the nearest description would be a red copper shade clear in tone. An early and constant bloomer holding its size throughout the season. Strong roots, $1.00 each.
Dahlmoor Orchid (W) 1933

This superb new dahlia is of the Hybrid Cactus type. A sturdy, healthy plant with heavy broad leaves, attaining a height 4-5 feet. Stems medium and heavy, producing its flowers face upward at the end of the stem. In size the flowers are medium to large and of heavy substance. Petals beautifully curved at the tips and quite full to the very center. Color, clear orchid pink, a pleasing shade. Highly recommended. Strong roots, $1.00 each.
Dahlmoor Perfection (W) 1933

An immense flower produced on rigid stems of medium length, holding its flowers to full view. Plant, a sturdy, erect grower with a wealth of heavy dark foliage, and a prolific root growth. In type the variety would be classed as Decorative, yet there is a suspicion of the Hybrid Cactus shown at the petal’s tip. Color, rich royal purple, bright in tone and constant even in the strongest sunlight. A very striking flower. Strong roots, $1.00 each.
Lord of Autumn

One of the best dahlias of recent introduction and the outstanding yellow of the age. It has been the leading prize winner in all shows of the past three years. Immense in size and so prolific in bloom as to hide almost all the foliage. Stems long and straight. Color, clear and golden yellow.

A favorite among all growers. Strong roots. $2.50 each.
A Galaxy of New Dahlias

(In Explanation: “Dahlmoor” is the Home and Grounds of W. W. Wilmore)

It is to be regretted that this page of new introductions could not each have had a page illustration as given those of the preceding seven pages, but space could not be given. All on this page are meritorious, high-class dahlias and are by far the best lot it has been my good fortune to originate and introduce in a single year.

All Dahlias in these pages marked (W) are Wilmore originations.

Dahlmoor Opalescent (W) 1933

A Decorative of perfect form produced on stems, medium in length. Growth and habit is excellent. Flowers profusely. Color, a unique shading of crushed strawberry with lavender shading. Flowers large with the broad petals slightly reflex in formation. Strong roots, $1.00. Height, 4 feet.

Dahlmoor Oriental (W) 1933

A new Hybrid Cactus. The growth of this plant is dwarf with numerous side branches. Finely formed flowers, medium to large size. Stem medium to long. Color, bright copper shaded old gold, a highly recommended variety. Strong roots, $1.00 each. Height, 3 feet.

Dahlmoor Radiant (W) 1933

Radiant is a Decorative form. The plant is of tall growth reaching to 6-7 feet, well branched, an early and free bloomer. Stems are remarkably long and wiry, holding its blooms above the foliage. Color, rich garnet red without shading or fading in the strong sunlight. Blooms, medium to large in size. Strong roots, $1.00 each. Height, 6 feet.

Dahlmoor Sunset (W) 1933

Hybrid Cactus in type. Blooms very early and continues through the season. Plant is dwarf and of spreading habit. Stems long and erect. Flowers, very large and well formed. Color, rich apricot and bronze, a striking new dahlia. Strong roots, $1.00 each. Height, 3 feet.

Dahlmoor Twilight (W) 1933

A Decorative form of excellent growth and heavy foliage. Flowers 7-8 inches, on medium length stems. Color not easily described, a shading of opal and fawn pink with a darker shading of violet and old rose. Strong roots, $1.00 each. Height, 4 feet.

Belle of Dahlmoor (W) 1933

Queen of Dahlmoor (W) 1933

An early and free-blooming variety of Decorative form. Strong, healthy foliage with very long stems holding the flowers erect. Flowers, very large, 7-9 inches without disbudding. Color, fawn pink with violet shading, an exceptionally beautiful flower. Strong roots, $1.00. Height, 4 feet.
Bargain Collections

These collections are arranged for the convenience of the purchaser, especially those unfamiliar with varieties and those wanting a limited collection of choice varieties distinct in colors. Full descriptions will be found of each variety in the body of the Catalog. As a liberal discount is already figured off, no further discounts allowed on any of these collections.

These collections are not subject to any further discount.

Rainbow Collection

As the name suggests, this collection embraces a wide range of color and includes several of the most popular types.

A fine collection for a moderate price.

Set of 12 postpaid, $10.00. (Catalog value, $12.50.)

Queens Jewels Collection

Like the above collection, this has a fine range of color. Many are of quite recent introduction. A fine collection at a modest outlay.

Set of 12 postpaid, $6.00. (Catalog value, $8.00.)

The Diamond Collection

This popular collection has been our leading collection for many years. A fine collection at a very modest price. It changes from year to year, but always has the same excellent quality and range of colors and forms.

The 12 for $2.50, post paid. (Full value, $3.50)

Collection No. 2

Thirteen Choice Dahlias for $1.50

This collection is our selection—unlabeled. No two alike.

Postpaid. In ordering say "COLLECTION No. 2"
# Dahlias of Special Merit

Various Types of Recent Introduction and Others.

Prices quoted are for strong tubers. Figures to the right indicate height.

</table>

Prices quoted are for strong tubers. Figures to the right indicate height.
GUARDIAN. (Cactus.) Intense red. Flowers large with very narrow pointed petals. Stems long. 50c each.

HELEN HOLLIS. (Show.) A fine ball shaped flower on excellent stems and a good cutting variety. Color, vivid red. 50c each. 5

INKYO. A nearly black hybrid cactus that produces an abundance of dark red flowers. Everyone who has grown this dahlia is enthusiastic in its praise. 50c each. 4

ISA (W). (Peony.) Light fawn pink, changing with age to amber yellow. A free and constant bloomer. Stems very long and wiry. Very attractive for evening decoration. A Queen flower. 50c each. 5

JANE COWL. (Decorative.) Wonderful new dahlia and a prize winner whenever shown. Flowers are immense in size, averaging 8 to 11 inches in diameter and of fine substance and keeping qualities. Color, old gold with amber shadings. 50c each. 5

J. A. LONG (W). (Decorative.) Among the most useful of all dahlias. Perfect form, fine long stems, and a wonderful keeper as a cut flower. Color, a combination of pink and bronze with delicate pink shading. Awarded first prize for the best dahlia of any type at a recent dahlia show in Los Angeles. 50c each. 5

JERSEY'S BEACON. (Decorative.) A decided novelty of Chinese scarlet with a paler reverse, giving a two-toned effect. An exhibition flower of vivid gold growth, excellent stem. 50c each. 5

JERSEY'S BEAUTY. (Decorative.) A fine true pink decorative dahlia of perfect form on long stiff stems that hold the flowers high above a strong, vigorous plant. 50c each. 5

JERSEY MAMMOTH. (Hybrid Cactus.) Flowers of the largest of all dahlias grown; 11 to 12-inch specimens are not unusual. Massive dark green foliage. Stems medium but stout, showing the flower above the foliage. Color, dark old gold. Ideal for those who admire the extra sized dahlias. 50c each. 5

JUDY. (Show.) A well-known exhibition variety. A profuse bloomer on good stems. Color, a combination of salmon, red, orange and yellow. Tubers 50c each. 5

JEAN TRIMBER. (Hybrid Cactus.) A large, handsome flower. Petals more or less curved and twisted, giving a fluffy effect. Color, violet. An early bloomer, good stem and habit. 1.00 each. 5

KALIF. (Hybrid Cactus.) A truly majestic flower. In color a pure scarlet. The habit of the plant is all that can be desired. The gigantic flowers, which are produced very freely, are held erect on strong stems, making it an extremely effective and useful variety for cutting as well as for garden decoration. 50c each. 5

KAWHIAH. (Decorative.) Stems notably long, holding the flower erect. Flowers medium to large. Color, wine purple. $1.00 each. 5

KEMP'S VIOLET WONDER. (Decorative.) A large, well-formed flower. Good stems and habit. Color, rich violet purple. 50c each. 5

KEMPS WHITE WONDER. (Hybrid Cactus.) Flowers very large on fine stems, pure white and of good substance; one of the best of all white varieties. 50c each. 5

KENNETH GILBERT. (W) (Decorative.) A sturdy plant producing a mass of flowers. Flowers, medium to large and borne in flower umbels on perfectly mellow pink shaded cream pink. 50c each. 3

KENTUCKY. (Decorative.) Color salmon pink. Fine long stems. A gem for cutting. 50c each. 5

KIWANIAN. (W) (Peony.) This dahlia has been the sensation among the peony types from its introduction in 1926. Of immense size, very long stems—18-24 inches—showing well above the foliage. Color, rich American Beauty red. (The name was given by the Golden Colorado, Kiwanis Club, August 25, 1925.) 50c each. 5

LAURA BARNES. (W). (Peony.) Beyond question one of the best, if not the best, peony dahlias ever introduced. Only words of praise have come from those who grew the variety. The immense flowers, shaped like peonies, are pleasing to all. 50c each. 6

LA VETA (W). (Peony.) Nearly double. A finely formed flower on excellent stems and a good bloomer. A fine cutting variety. Color, a combination of pink and bronze. Fine for garden or commercial use. 50c each. 4

LOUIS, JR. (Hybrid Cactus.) A free and constant bloomer. Stems large to large and perfect in form. Color, vivid red. 50c each. 5

MAID MARIAN. (Hybrid Cactus.) Flowers large and produce freely on good stems. Petals curve and twist, giving the flower a shaggy appearance. This variety is highly recommended. Color, rose pink. A very handsome variety. 50c each. 5

MARMION. (Decorative.) Among the largest of all dahlias. A sturdy, massive plant with excellent stems which hold the massive flower above the foliage. Color, golden yellow, shading to tinges of bronze. 75c each. 5

MEDITATION (W) 1930. (Decorative.) Flowers of medium size, borne on long, erect stems. Color, light delicate lavender. A free and early bloomer. Highly recommended, 50c each. 5

MORDERLLA. (Decorative.) A fine, large flower, perfect in form and borne on long, wiry stems. Color, salmon pink to old rose. A dahlia of fine habit and one highly recommended. 50c each. 5

MRS. M. C. SCIPEPER. (Decorative.) A large full flower. Color, clear rich pink. Plant vigorous, stems medium. $1.00 each. 5

MRS. C. D. ANDERSON. (Show.) A new New Jersey dahlia, having about the average show type. Stems long and wiry. Flowers large and almost round in form. Color, rich clear purple. An early and very prolific bloomer. 50c each. 4
MRS. I. DE VER WARNER. (Decorative.) Large, perfect flowers of charming color; a deep mauve-pink, on stout stems. A good grower and free bloomer. Can be grown to a diameter of 11 inches. One of the best dahlias in cultivation. 50c each.

MURPHY'S MASTERPIECE. A very large, well formed flower on excellent stems. Color, orchid pink. A very free bloomer. 50c each.

MRS. CARL SALBACH. (Decorative.) Extra large and of beautiful form and always full to the center. Stems are exceptionally large holding the flower erect. Color, soft lavendar-pink. 50c each.

MYRA HOWARD. (Decorative.) A splendid and lively combination of yellow and gold with salmon. $1.00 each.

NANAQUaket. (Decorative.) A large well formed flower on excellent stems. Color, orchid pink. A very free bloomer. 50c each.

NANCY SUE LANG. (Decorative.) A very large flower on excellent stems. Color, old gold, heavily shaded with amber. Similar to Radio but larger. A very attractive flower. Color, soft lavendar-pink. 50c each.

OPHIR (R. T. Davis). A superb decorative, borne on long fine stems, holding the flower to view. Flowers medium size with full center. Color, rich old gold with amber shading, reminding one of the popular Lucy Davis. Fine exhibition flower. 50c each.

PETERS VICTORY. (Decorative.) (Originated by J. W. Pfalger). A 1931 introduction. This dahlia is among the very best of dahlias. Strong and vigorous. Stems long and erect. Color, vivid red. Highly recommended. 50c each.

Pride OF California. (Decorative.) An extra large fine flower, borne on long stems. Very large and full vivid red. Exceptionally fine. 50c each.

Pride OF Ft. Morgan. (Decorative.) An immense flower with broad flat petals. Probably the largest of the decorative reds. A sturdy grower. Stems medium length. Color, vivid red. 50c each.

Radio. (Decorative.) Without a doubt one of the greatest dahlias ever originated. Can be grown 11 to 12 inches in diameter. Color, blood red, edged and tipped with yellow. 50c each.

Robert Emmet. (Decorative.) A large, well formed flower with long erect stems. A most intense vivid red. Fine. $2.00 each.

Rollo Boy. (Cactus.) An enormous amber and yellow cactus, one of the best of the very bright varieties. 50c each.

Rosa Nell. (Decorative.) Mr. Broomall did the world a great service when he originated this hundred per cent Dahlia. The flower is immense; stem very long. Color, bright rose and with all a good keeper. Highly recommended. 50c each.

Rose Fallon. (Decorative.) An immense flower of fine, perfect form. Stems long and erect. Plant robust and vigorous. Color, dark amber or brownish old gold. This variety can highly recommend. Strong tubers. 50c each.

Ruth Jacqueline. (Davis) Cactus, 1924. A strong, robust growing dahlia with numerous side branches. Flowers large and perfect in form. Stems exceptionally long and strong. Color clear canary yellow. One of the very best of the yellows. 50c each.

Ruth Nichols (W). (Decorative.) A fine, large flower borne on fine, long stems. Rich dazzling red, fine for cutting. 50c each.

Salem Pride. (Decorative.) A large evenly formed flower on good stems. Color, reddish purple, streaked and mottled with white. $1.00 each.

Sanhig's Peach. Color the shade of a ripe peach, with a real peach-cheek glow. The charm is enhanced by the oddly twisted and stiff holding the blooms well out of the foliage. $1.00 each.

Shahrazad. Large robust bush of about six feet covered with huge light pink flowers slightly resembling Jane Cowl. The stems are long and strong, holding the blooms perfectly well out of the foliage. $1.00 each.

Sweetheart's Bouquet (W). (Peony.) In color an unique shading of salmon-rose, shaded with fawn; pleasing alike in both day and artificial light. Flowers are very large and stems extra long and wiry. One of the very earliest to bloom and continues throughout the season. 25c each.

TessiBee (W). (1932.) (Decorative.) A fine new decorative. Plant strong and vigorous. Stems long and straight. In form the flower is identical with the popular Mrs. Carl Salbach. Color, violet pink, a delicate and pleasing color. Highly recommended. 50c each.

Tommy Atkins. (Decorative.) The ideal scarlet. One of the most vivid colors among dahlias. Flowers large and full. Stems long and erect. Among the very best of dahlias. 50c each.

Thomas Edison. (Decorative.) A very active growing dahlia. Flowers large and of perfect form borne on excellent stems. Color, dark violet purple. 75c each.

Uncle Tom. (Hybrid Cactus.) A bold shaggy flower on good strong stems. One of the best of the very dark varieties. Color, dark maroon, almost black. 50c each.

Virginia Rae. (Decorative.) Originated by J. W. Pfalger. A fine companion for his popular Pride of Ft. Morgan. A large flower ranging from 8-10 inches in diameter. Evenly formed and quite full. Stems medium but strong. Color, old gold shaded to light terra cotta. A fine exhibition flower. 50c each.
WASHINGTON CITY (Hybrid Cactus)
An immense white flower that has few, if any equals. Flowers from 8 to 9 inches and of purest white. Stems long and erect. One of the best of varieties. 50¢ each.

WATERLOO. (Hybrid Cactus). (J. W. Pfäger origination). A beautiful dahlia of large size and perfect form. Stems long and wiry. Color, orchid pink. 75¢ each.

WHITE KNIGHT. (Decorative.) A mammoth flower of shaggy form. Plant of sturdy well branched habit. Stems amply long and wiry, holding the immense flowers erect. Flowers of excellent keeping qualities. Color, light or scarlet red. A wonderful flower. 50¢ each.

WHIP O' WILL (W). (Peony.) An immense peony dahlia with flowers from 7 to 9 inches in diameter without dis-budding. Petals are very broad and flat. Color, vivid scarlet. By far the best of its color among the peony types. Stems wiry and erect. Blooms freely throughout the season. 50¢ each.

Standard Dahlias
Prices in this list, 25 Cents each; $2.50 Dozen.

DEE LIGHTED. (S.) Very large, pure white combining many good qualities. A strong, erect grower, producing immense pure white flowers in abundance. A first-class white.... 4

DELICE. (D.) Its beautiful, soft, yet lively color; a glowing rose-pink, together with its perfect shape, stout, stiff stems, which hold the flowers well above the foliage, and the fact that when cut it retains its freshness longer than any variety, makes this one of the most valuable for cutting and one of the most decorative sorts in the garden.... 4

D. M. MOORE. (S.) A flower of mammoth size, produced in profusion on long, stiff stems. Its color is a deep velvety maroon. It has no equal in its color, almost black .................................... 3

DREER'S WHITE. (S.) Pure white, resembling in form the popular Grand Duke Alexis................. 4

ELEANOR STISSER (W). (D.) Flowers are very large and full. A sturdy grower with long stems. Color, buff shading to pink and old rose. A pleasing autumn shade .................................. 5

FLAMINGO. (D.) An ideal variety for cutting by reason of its fine stems and clear, rich color. Bright shell pink..... 3

GENESTA. (C.) Rich orange bronze. A fine autumn shade.................. 3

GOLDEN SPRAY (W). (S.) Large flowers borne on long stems and produced in profusion. Bright golden yellow. A superb variety for cutting ............ 4

JACK ROSE. (D.) Brilliant crimson-red, rich and glowing, similar in shade to the popular Jack Rose, which suggested its name............. 4
W. W. WILMORE, DAHLIA SPECIALIST

MAID OF KENT. (D.) Intense scarlet, variegated with pure white; frequently a solid scarlet. .......................................................... 4

MINA BURGLE. (D.) A very free flowering sort. Flowers extra large and clear in color. Popular as a cutting variety. Dark vivid red, produced on good stems. ...... 4

MOONBEAM (W.) (D.) Large flower borne on excellent stems. Color, clear canary yellow. One of the very best of the light yellows. Blooms very freely and an excellent keeper when cut .......................................................... 3

MRS. THOS. BURCH (W). (D.) Rich old gold, sometimes marked with pink, shading to fawn. An ideal fall shade and one of the very best of the autumn tinted varieties. Flowers full size, stems long and rigid, fine for cutting .......................................................... 4

PURPLE GEM (W). (S.) Rich royal purple, clear and constant. This variety is a decided improvement over the old varieties. A first-class flower .......................................................... 4

PURPLE MANITOU. (D.) Extra large, clear purple. A sport from the popular La Grand Manitou; one of the best clear purples .......................................................... 4

QUEEN OF YELLOWS. (S.) Fine clear yellow. An early and very prolific bloomer .......................................................... 3

STRADELLA. (S.) Large purple flower, rounded and full .......................................................... 3

VICTORY (Kaiser Wilhelm). (S.) Of immense size and perfect form. Deep yellow, tilled red and shaded with cherry red .......................................................... 4

W. W. RAWSON. (S.) An exceptionally fine flower, produced on long stems. Color, pure white, overlaid with delicate lavender. Similar to the popular Grand Duke Alexis, but a better bloomer .......................................................... 4

Pompon Novelty List

A WIGWAM OF PAPOUSES

25c each; $2.50 Dozen

All New Introductions of 1930, 1931 and 1932

Pt. High, Approximate

BRONZE PAPOOSE (W). Rich bronze shaded with amber .......................................................... 3

DUSKY PAPOOSE (W). Copper red, shaded with buff .......................................................... 3

GOLDEN PAPOOSE (W). Golden yellow, shaded to cherry red .......................................................... 3

GOLD NUGGET PAPOOSE (W). (1931) Golden yellow. Fine form and quite small .......................................................... 3½

LITTLE CUB PAPOOSE (W). (1931) Vivid rich red, excellent stem and form .......................................................... 3½

LITTLE PAPOOSE (W). Sunset red. A little gem .......................................................... 3

MARY ELLEN PAPOOSE (W). (1931) Rose Pink, fine long stem. Fine in every way .......................................................... 3

PALE FACE PAPOOSE (W). Light straw or sulphur yellow, fine form .......................................................... 3

Pt. High, Approximate

PINK PAPOOSE (W). Rose pink. An ideal for cutting .......................................................... 3

RED PAPOOSE (W). Vivid red. An exceptionally free bloomer .......................................................... 3½

RITA'S PAPOOSE (W). Brilliant cerise pink. A neat little flower and a wonderful bloomer .......................................................... 3½

SHAWNEE PAPOOSE (W). (1932) Copper red shaded to amber. Long stem and fine form .......................................................... 4

SUNDANCE PAPOOSE. Canary yellow slight shading of cherry at the tips .......................................................... 3

WHITE PAPOOSE (W). Pure white, excellent form and stem .......................................................... 3

WIGWAM PAPOOSE (W). Golden yellow. Exceptionally good for cutting. Stems long and flower quite small. 3½ .......................................................... 3

WILD PAPOOSE (W). Reddish bronze, densely quilled. Excellent form .......................................................... 3

Pompon Standard List

PRICE 25c EACH; $2.50 PER DOZEN

(Note: To those not familiar with the varieties of Pompons, we will make up a collection of 15, no two alike, and giving the full range of color, for $2.50. Pompon dahlias are rapidly gaining popular favor once more. For cutting purposes they have no equal, lasting for days even in the hottest weather.

Pt. High. Approximate

AMBER QUEEN. Rich old gold, fine in flower and stem .......................................................... 3

ARIEL. Deep orange buff .......................................................... 3

BRUNETTE. Red, often showing white tips .......................................................... 3

CLARA HARSH. Perfect bloom of yellow; tipped with crimson .......................................................... 3

CHALLENGE. An early free flowering variety. Color, red, tipped with white .......................................................... 3

CORONA (W). A miniature decorative form of pompon. Snowy white. One of the most useful of all pompons (identical with Coronne) .......................................................... 3

DEWDROP. A fine long-stemmed variety. Color, soft lavender .......................................................... 3

ELEGANTE. Quite small pink, densely quilled .......................................................... 3
### Gladiolus

A flower now so immensely popular that description is unnecessary. Plant at intervals up to June 20 to prolong the blooming season. Heavy fertilizing should be avoided. The following varieties and groups will be found very satisfactory:

---

Gladiolus varieties and groups are available at varying prices, with descriptions and approximate heights provided for each. Varieties include lavender, golden yellow, scarlet, and other colors, suitable for cutting and ornamental purposes. Varieties like Prince Charming and Rosa Wilmoth are noted for their unique shades and coloring, while Gladiolus is a popular choice for its long blooming season, requiring careful fertilization to ensure optimal growth. The availability of these flowers depends on the specific variety and zone, with some requiring prepayment for certain zones.
Peonies

NOT PREPAID BEYOND THE 4TH ZONE (600 MILES)

Fall orders for Peonies cannot be filled before October

Fine, hardy plants, rivaling the rose in perfection of bloom, color and fragrance. They are at home in any climate or soil, but thrive best in a deep, rich, well-drained loam. They make a gorgeous display planted in beds, on the lawn, or planted singly along the walk or herbaceous border. The Peony is perfectly hardy, generally able to care for itself, but it does not follow that they enjoy neglect. Give them ample room in which to grow, keeping them free from weeds and grass, and they will amply repay all the care given. A word to beginners: Use no fertilizer of any kind on newly set Peonies. Don’t be alarmed when you see your newly set Peonies begin to turn brown in July and appear to be quite dead in August. This is natural. They will be on hand again in the spring.

The following varieties embrace a wide range of color and will be found very satisfactory. Prices quoted are for strong divisions.

BARONESS SCHROEDER. Delicate flesh, changing to white. Flowers very large. An extra fine peony. 75c each.
DUKE OF WELLINGTON. Ivory white with creamy white center. Very large. An extra fine peony. 50c each.
EARLY ROSE. This is an old peony, but one of the most reliable. 50c each.
PHELIX CROUSE. The well known brilliant dark red. The leader among reds. 75c each.
FESTIVA MAXIMA. A rare variety of great beauty. Exceedingly showy and of large size. Pure snowy white, flaked with small crimson spots at center. Finest white in cultivation. 50c each.
GOLDEN HARVEST. Blush guard petals; center petals narrow, showing yellow stamens. 50c each.
JEANNE d’ ARC. One of the best of all the light pink varieties. Medium pink shading to almost white. Very fragrant. 75c each.
KARL ROSENFIELD. Rich velvety crimson. Large globular flower, 75c each. A popular red.
LADY LENORA BRAMWELL. Very large and sweet. Silver rose. 50c each.
MAD. Breon. Flesh and lemon, changing to white. 50c each.
MODEL DE PERFECTION. Silver pink. Large and sweet. 50c each.
MONS. Jules Elie. The peerless pure pink. Broad reflexing guards with a high pyramidal body. One of the largest, handsomest and most lasting cutting sorts in existence. 75c each.
OFFICINALIS RUBRA. (Old Red.) Flowers of a bright crimson, quite double and globular. Very early and fine. Two-year-old clumps, 75c each.
PRESIDENT TAFT. (Reine Hortense) Among the best of all peonies. Large full flower, delightfully fragrant. Color a delicate shell pink. A vigorous free bloomer, 75c each.
PRINCESS BEATRICE. Pink gard petals, center creamy pink. Late bloomer. 50c each.
ROSEA SUPERBA. Fine, full rosy pink. Extra choice flower. Very free and early bloomer. 50c each.

(Note!—There is a very general impression that peonies must be set in the fall. This is a bit of nonsense. If peony stock has been dug in the fall and held over winter in damp storage they will do fully as well when set in the early spring.)
NURSERY DEPARTMENT

Trees, Shrubs, Fruits, Evergreens, Roses, Vines, and Hardy Perennials

Buy Colorado grown Nursery Stock. No stock can be obtained in any section of the United States with better root systems or of hardier growth than that produced in our mile-high altitude; this means that losses are held to a minimum. All our stock has passed inspection of the State Authorities and pronounced free of injurious insect pests and disease.

Trees, Shrubs, Tree Fruits and Evergreens are NOT PREPAID where shipments are made. They travel express or freight—charges collect. Other items herein listed are prepaid at quoted prices.

We also have larger and smaller sizes of most of the following. Prices on application. If what you desire is not listed, write for quotation.

DECIDUOUS TREES

ACER—MAPLE

Mostly deciduous trees, used extensively for lawn, park and street planting. Most of the species are hardy in northern states. Ordinary soil is satisfactory for Maples. Strong and free growing subjects.

Acer ginnala; Amur Maple (to 20 ft.)
Graceful shrub or tree. Flowers fragrant with conspicuous red fruit throughout the summer. In autumn the foliage changes to brilliant red. 2-3 ft., 75c; 3-4 ft., $1.00.

A. platanoides var. Schwedleri; Schwedler’s Maple (40 to 50 ft.) This Maple is one of the most attractive trees under cultivation. It is often called Purple Leaf Maple, because of its reddish purple leaves in the spring. 6-8 ft., $2.75; 8-10 ft., $4.00; 1¾-1½ in., $5.50; 1½-2 in., $8.00; 2-2½ in., $11.00; 2½-3 in., $15.00.

A. saccharinum; Silver Maple. (60 to 80 ft.) This is a fast growing maple and well known. Leaves are silverish underneath. 6-8 ft., $1.25; 8-10 ft., $1.75.

A. saccharinum var. Wieri; Wier’s Cut-leaved Maple (40 to 50 ft.) Similar to the Silver Maple, except that the branches are drooping and leaves are deeply cut. 1½-2 in., $4.00.

A. saccharinum var. Skinneri; Skinner’s Cut-leaved Maple (to 50 ft.) A very attractive form of Silver Maple with dense cut leaved foliage, and graceful, drooping branches. Rapid grower. 2½-3 in., $6.00.

BETULA—BIRCH

Trees and shrubs, thrive on moist sandy soils. Suitable for northern climates.

Betula alba var. pendula laciniata; Cutleaf Weeping Birch. (30 to 40 ft.) A graceful, white barked tree with drooping limbs and delicately cut-leaved foliage. Highly recommended for lawn and park planting. 5-6 ft., $2.50; 6-8 ft., $3.00; 8-10 ft., $4.00. Larger trees up to 3 inches in caliper, $6.00 per inch.

INSIST ON COLORADO GROWN STOCK
TREES—HACKBERRY

Trees or shrubs with alternate Elm-like leaves. Most species are hardy in northern states, where they are grown for shade and ornament.

*Celtis occidentalis; Hackberry.* (40 to 50 ft.) We consider this tree one of the best. It has a rapid spreading growth similar to the American Elm. Limbs are seldom broken from wind and it is free from insects and disease. 1½-2 in., $3.00; 2 to 2½ in., $4.00. Larger trees up to 4 in. in caliper at $2.25 per inch.

CRATAEGUS—HAWTHORN

Spiny deciduous shrubs or small trees. Desirable ornamental subjects

*Crataegus coccinea; Thicket Hawthorn* (to 10 ft.) Shrubs or small trees, bearing white flowers, followed by a dull red fruit which it carries well into the winter. In the autumn, the leaves turn into a galaxy of color. Very hardy. 4-5 ft., $2.00; 5-6 ft., $3.00.

ELAEAGNUS—OLEASTER

Ornamental shrubs or small trees. Grow in any well-drained soil and sunny location.

*Elaeagnus angustifolia; Russian Olive* (20 to 40 ft.) An ornamental tree of special value; attractive silver gray leaves, grayish white berries. It blooms profusely in June, flowers yellow and very fragrant. An excellent tree for semi-arid districts. Desirable for mass planting. Used frequently for hedges and windbreaks. Very hardy. 5-6 ft., $1.00; 6-8 ft., $1.50; 8-10 ft., $2.00.

GLEDITSIA—HONEY LOCUST

Planted as specimen and for shade; they are adapted to most soils.

*Gleditsia triacanthos var. inermis; Honey Locust.* (50 to 60 ft.) This is the thornless form of Honey Locust. Fragrant white flowers in May. Long lived, hardy tree. Succeeds on most any kind of soil. Not affected by borers. 6-8 ft., $1.50; 8-10 ft., $2.00.

MALUS—APPLES

Trees and shrubs of high ornamental and commercial values.

*Malus ioensis var. plena; Bechtels Flowering Crab.* (12 to 15 ft.) A beautiful, double pink, flowering crab with fragrant flowers, May-June. Perfectly hardy, succeeds well in most soils not extremely wet. The only fragrant double crab. 2-3 ft., $1.25; 3-4 ft., $2.00. (See cut, page 17)

POPULUS—POPLAR, ASPEN AND COTTONWOOD

Trees and shrubs with soft wood. Widely planted for avenues, windbreaks, and ornament.

*Populus alba var. pyramidalis; Bolleiana Poplar.* (50 to 60 ft.) One of the most striking of the columnar type trees. The bark is smooth and of a light green color. It has silvery foliage and is a very rapid grower.

5-6 ft., $1.00.................$ 8.50 per ten
6-8 ft., $1.25.................$11.00 per ten
8-10 ft., $1.75.................$15.00 per ten

*Populus sargentii; Cottonless Cottonwood.* (60 to 90 ft.) This is the regular Western Broadleaf Cottonwood except that it does not bear cotton. Recomm
mended for large estates and farms. 8-10 ft., $1.25; 1½-1½ in., $1.75.

**QUERCUS—OAK**

*Quercus macrocarpa*; Burr Oak. (70 to 80 ft.) Long-lived tree. The best oak for this locality. Deeply lobed leaves. Branches rough and corky. 2-2½ in., $11.00; 2½-3 in., $15.00.

*Q. borealis*; Northern Red Oak. (60 to 80 ft.) Very rapid grower. Rounded crown and deep green foliage which turns dark red in autumn. It should have plenty of room for development due to its rapid growth. 2-2½ in., $11.00; 2½-3 in., $15.00.

**SALIX—WILLOW**

Woody plants, grown for ornament, screens, shelter, holding of banks, and some of the species for the twigs from which baskets are made. Adapted to moist conditions. Grow rapidly.

*Salix niobe*; Niobe Weeping Willow. (30 to 35 ft.) This willow is a hybrid between the White and Crack Willows. It is an exceptionally strong, hardy, graceful tree. Splendid weeping habit and very attractive golden bark. 5-6 ft., 75c; 6-8 ft., $1.00; 8-10 ft., $1.50.

**SORBUS—MOUNTAIN ASH**

Deciduous trees or shrubs, most of the species are hardy in the north, and will thrive even in dry soil.

*Sorbus aucuparia*; European Mountain Ash. (20 to 40 ft.) A valuable ornamental tree with scarlet berries from July to winter, also beautiful fern-like green foliage. The combination of berries and foliage makes this one of the most striking and beautiful trees that grow. 5-6 ft., $1.50; 6-8 ft., $2.00; 8-10 ft., $3.00.

**ULMUS—ELM**

Elms are favorite shade and avenue trees and some of them being among the hardest lawn and street trees.

---

**THE WONDERFUL CHINESE ELM**

A street planting of Chinese Elm (*Ulmus Pumila*). Trees are seven years old, forty feet high, ten inches in diameter. Description follows.

**THE WONDERFUL CHINESE ELM**

The correct name for this tree is the Dwarf Asiatic Elm. Very often called Siberian Elm. (Continued next page.)

---

**INSIST ON COLORADO GROWN STOCK**
The beautiful Chinese Elm (Ulmus pumila) is a very rapid growing tree, often attaining a height of 40 feet or more with a trunk circumference of thirty-five inches in six years. This Elm is gradually replacing the other elms for shade and parking trees.

The U. S. Department of Agriculture in its Bulletin No. 945 says:

"It is a rapid grower, with slender, almost wiry branches. It is one of the first trees to leaf out in the spring and the last to shed its leaves in the fall. Remarkably free from the usual plant diseases and insect injuries so common in many of the elms.

Barberries are extremely hardy and has proved valuable under a greater variety of climatic and soil conditions than any tree yet introduced. Very favorable reports have been received from practically every section of the country.

"Its resistance to drought, alkali, and extremes of temperature render it an especially valuable tree."

Strong, well shaped and well rooted trees, at following prices:

Prices on larger sizes up to 6-inch Caliper—on request.

We have some nice seedlings that would do to plant out as windbreaks on farms, estates, etc., at $8.00 per 100 or $65.00 per 1,000, 2-3 ft. size.

### ORNAMENTAL SHRUBS

#### BERBERIS—BARBERRY

Barberries are widely grown for hedges and as specimen bushes for their general beauty and for the attractive flowers in spring and the fruits in autumn and winter. The deciduous species do best in moist well-drained light loam, but the deciduous species may have drier soils.

**Berberis aquifolium; Oregon Holly-grape.** (to 3 ft.) Evergreen shrub, spiny-toothed leaves, glossy, dark green above. Yellow flowers and dark blue, grape-like berries. Balled and burlapped, 12-18 in., $1.75; 18-24 in., $2.50.

**Berberis thunbergii; Japanese Barberry.** (4 to 5 ft.) Pale yellow flowers. April-May. A splendid hardy hedge plant. Also fine for mass planting. Brilliant red fruit and foliage in autumn. 18-24 in., 60c; 2-3 ft., 75c.

**Berberis thunbergii var. atropurpurea; Red-leaved Barberry.** (3 to 6 ft.) This is a variety of the Japanese barberry. The foliage is a rich lustrous red, becoming more brilliant and gorgeous throughout the summer and in the fall changes to vivid orange, scarlet and red shades. 15-18 in., 60c; 2-3 ft., 75c.

**Berberis thunbergii pluriflora erecta; Truehedge Columberryn; U. S. Patent No. 110.** Often called the "ready made hedge." May be used for formal hedges. Individuals specimens, wind or as boxes, and similar plantings without pruning and without any sacrificing of leaves or beauty. Often mistaken for Boxwood, because of extremely formal shape, and dense glossy foliage. Deciduously more dense, upright and more richly foliaged than common Thunbergi Barberry. Highly recommended. 9 to 12 inch size, ea. 35c; per 25, $ 6.00 15 to 18 inch size, ea. 55c; per 25, $10.00

#### BUCKLEIA—BUTTERFLY BUSH

Even when buddleias are not hardy north, the roots may survive with winter protection. They thrive in sunny locations in rich well-drained soil.

**Buddleia david var. magnifica; Oxeye Butterflybush.** (5 to 6 ft.) A perennial in this climate. Of rapid growth with very green foliage and attractive lilac flowers. Blooms from June-October. The flowers are borne in dense cylindrical spikes from 12 to 15 inches in length by 3 inches in diameter. It succeeds everywhere and flowers freely the first season. No. 1, 50c.

#### CARAGANA—PEA TREE

**Pea Shrub**

They should be planted in sunny positions in open soil.

**Caragana arborescens; Siberian Pea Tree.** (12 to 15 ft.) An attractive dense growing shrub with bright green, small locust-like leaves. In early spring it bears numerous pea-like yellow flowers, followed by small pea-shaped pods that remain after the leaves have fallen. 2-3 ft., 60c; 3-4 ft., 75c.

**C. aurantiaca; Dwarf Pea-Shrub.** (to 4 ft.) Bushy and spreading with very showy orange blossoms and minute dark green leaves. A slow growing diminutive shrub. Thrives in dry sunny position. Usable for hedging purposes, or as an individual specimen. 12-18 in., 60c.

#### CARYOPTERIS—BLUEBEARD

**Caryopteris incana.** Shrub to 5 ft. and often dying back, and treated as a perennial herb. Lavender-blue flowers in autumn. Sometimes called "blue spires." 2 yr. 75c each; 3 yr. $1.00 each.

#### COLUTEA—BLADDER SENNA

**Colutea arborescens.** (15 ft.) Yellow pea-like flowers. Seed pods inflated bladder-like pods to 3 inches long. An attractive ornamental. 5 yr., $1.00 each.
CORNUS—DOGWOOD

Dogwoods are useful for group plantings and as single specimens.

Coronarius alba var. sibirica; Coral Dogwood. (8 to 10 ft.) Hardy, vigorous, upright shrub producing small white flowers. April-May. Bright red bark in winter. 2-3 ft., 75c; 3-4 ft., $1.00.

Coronarius stolonifera var. lutea; Golden-twig Dogwood. (8 to 10 ft.) Similar to Colorado Dogwood only with bright yellow bark, fine winter effect. 2-3 ft., 75c; 3-4 ft., $1.00.

COTONEASTER

Cotoneaster acutifolia; Peking Cotoneaster. (6 to 8 ft.) A graceful shrub ideal for foundation, or full sun planting. The brilliant autumn foliage and black fruits remain well into the winter. 3-4 ft., $1.00.

CYPRESS—QUINCE

Attractive ornamental subjects.

Cydonia japonica; Flowering Quince. (5 to 6 ft.) Well known shrub producing showy scarlet flowers in April. Greenish-yellow quince-like fruits. Spiny branches. 2-3 ft., $1.00.

EUONYMUS—SPIRIT TREE

Euonymus alatus; Winged Burning Bush. (to 8 ft.) Yellow flowers May-June. Interesting corky, winged branches. Leaves turning brilliant crimson in autumn. 2-3 ft., 3-4 ft., $1.50.

FORSYTHIA—GOLDEN BELLS

Forsythia are amongst the showiest spring-blooming shrubs. They are not particular as to soil.

Forsythia suspensa var. fortunei; Golden Bells. (to 8 ft.) Upright, arching branches. Golden yellow flowers early in April. 2-3 ft., 75c; 3-4 ft., $1.00.

HYDRANGEA

Hydrangeas require a rich, porous and somewhat moist soil; they bloom most freely in full sun. They should be pruned rather severely in early spring.

Hydrangea paniculata var. grandiflora; Peegee Hydrangea. (4-5 ft.) A very hardy shrub with large trusses of showy double white flowers, blending into pink and bronze shades in autumn. September to October. 18-24 in., 75c.

KOLKWTZIA

Kolkwitzia amabilis; Beauty Bush. (to 6 ft.) Bell-shaped flowers, pink with yellow throat, blooms May-June. Very graceful shrub, hardy 3-4 ft., $1.25; 4-5 ft., $1.75.

LESPEDEZA

Lespedeza formosa; Purple Bushclover. (to 4 ft.) An herbaceous shrub with attractive purple flowers in September. Quite pendant when in bloom. 2 year No. 1, 75c; 3 year, $1.00.

LIGUSTRUM—PRIVET

Privets are commonly planted for hedges and in shrubberies for ornament, and sometimes as single specimens. They are not particular as to soil.

Ligustrum amurense; Amur Privet. (to 15 ft.) Used extensively. Valuable, hardy hedge plant with rich attractive foliage. See prices under Hedges, following Shrubs.

Lonicera tatarica var. rosea; Pink Tatarian Honeysuckle. (to 12 ft.) Hardy vigorous grower. Bright pink flowers in abundance, April-May. Red fruit. One of the most noticeable shrubs. 2-3 ft., 60c; 3-4 ft., 75c; 4-5 ft., $1.00.

Lonicera korolkowii; Blueleaf Honeysuckle. Leaves bluish-green and pubescent beneath. Flowers rose or rarely white, about ½ inch long, in pairs. May and June. Fruit bright red. 2 to 3 ft. 75c each; 3 to 4 ft., $1.00 each.

Virginal (Philadelphus)

PHILADELPHUS—MOCK ORANGE

Floriferous popular shrubs, very fragrant. If pruning is needed it should be after flowering, since the blossoms appear from wood of the previous year.

Philadelphus coronarius; Sweet Mock Orange. (to 10 ft.) A popular well known, hardy shrub. White, fragrant flowers in May-June. 3-4 ft., 75c.

P. lemoinei; Lemoine Mock Orange. (to 5 ft.) Semi-dwarf with attractive foliage, producing dense racemes of small fragrant flowers. 2-3 ft., 75c; 3-4 ft., $1.00.

P. virginensis; Virginian Mock Orange. (to 8 ft.) Medium grower. Loads down with beautiful fragrant semi-double flowers.

INSIST ON COLORADO GROWN STOCK
flowers over a long season, beginning in May. 2-3 ft., 75c; 3-4 ft., $1.00.

**PHYSOCARPUS—NINEBARK**
Deciduous spirea-like shrubs.

**Physocarpus opulifolius var. iuteus; Golden Ninebark.** (to 10 ft.) Has bright yellow leaves becoming bronzy. White flowers in May-June. 3-4 ft., $1.00.

**P. opulifolius var. nanus; Dwarf Ninebark.** (4 to 5 ft.) A dwarf form of Ninebark. White flowers in clusters. Small leaves. 18-24 in., 60c; 2-3 ft., 75c.

**POTENTILLA—CINQUEFOIL**
Potentillas are grown mostly in the border or rock garden, also useful in the flower garden.

**Potentilla fruticosa; Shrubby Cinquefoil.** (to 4 ft.) A dwarf-growing shrub. Bright yellow flowers throughout the summer. Very hardy. 18-24 in., 75c.

**PRUNUS—STONE FRUITS**
Includes plums, apricots, peaches, cherries and cherry-laurels. They are not particular as to soil.

**Prunus cistena; Purple Leaf Plum.** (to 10 ft.) A very attractive shrub. Hardy. Leaves are purplish-red in color. 2-3 ft., 85c; 3-4 ft., $1.25.

**P. glandulosa var. sinesis; Double Pink Flowering Almond.** (to 5 ft.) Beautiful colored pink blossoms, snuggling tight to the branches. Blooming in April and May. 2-3 ft., $1.00; 3-4 ft., $1.50.

**P. triloba; Flowering Plum.** (10 ft. or more.) A handsome, hardy, vigorous, large shrub or small tree with double pink flowers in April-May. Will succeed over a wide territory. Superior to the Flowering Almonds. 2-3 ft., $1.00; 3-4 ft., $1.50.

**RHAMNUS—BUCKTHORN**

**Rhamnus frangula; Alder Buckthorn.** To 12 ft. Deciduous. Small greenish flowers in umbels. Fruit red turning black when ripe. 2 to 3 ft., 75c each.

**RHUS—SUMAC**
Planted mostly in the nursery for the luxurious effect of the pinnate foliage, the bright red autumn color, and the dense fruit-heads.

**Rhhus typhina var. laciniiata; Shredded Sumac** (10 ft. or more.) The leaflets arelaciniately toothed, very delicate and fern-like. Leaves turn into an array of color in autumn, also clusters of crimson berries. Very rapid grower. 3-4 ft., 75c; 4-5 ft., $1.00; 5-6 ft., $1.50.

**RIBES—CURRANTS, GOOSEBERRIES**
Ribes alpinum; Mountain Current. (to 6 ft.) A hardy, dense shrub suitable for hedges or mass planting. Scarlet berries in late summer. 18-24 in., 75c.

**ROSA—ROSE**
A large genus of shrubs, furnishing many ornamental subjects.

**Rosa foetida var. bicolor; Austrian Copper Rose.** (to 6 ft.) One of the best of the brier roses. The flowers are copper-colored shaded with bronze and yellow, very attractive. No. 1. 2-yr. $1.00 each; 2-3 ft., $1.50 each; 3-4 ft., $2.00 each.

**R. setigera; Prairie Rose.** (to 6 ft.) Bright shiny green foliage, turning brilliant red in autumn. Branches remain bright red throughout the winter. Single pink blossoms, followed by an abundance of red fruits. 2-3 ft., 60c; 3-4 ft., 75c.

**SALIX—WILLOW**
Salix irrorata; Bluestem Willow (to 10 ft.) Indigenous shrub. Twigs covered with a bluish glaucous bark. Leaves dark green with some golden tints. Densely clustered with dainty "pussies" in early spring. 3-4 ft., 75c; 4-5 ft., $1.00.

**Salix; Red Stem Pussy Willow.** This willow grows similar to the Blue Stem Willow. The stems are red similar to the red dogwood, and the "pussies" are a little larger than those of the Blue Stem Willow. 2 to 4 ft., 75c each.

**SAMBUCUS—ELDER**
Elders are effective when planted in mass, and are also grown for the fruit which is edible in some species. Thrive in rich rather moist soils.

**Sambucus canadensis var. aures; American Golden Elder** (to 10 ft.) Hardy rapid growing shrub with outstanding green and yellow foliage. Produces edible fruits. 2-3 ft., 75c; 3-4 ft., $1.00.

**SHEPHERDIA—BUFFALOBERRY**
Shepherdia argentea; Silver Buffalo- berry (to 8 ft.) Shrubs or small trees. Valuable for its great hardiness. Silverish leaves and red fruits. The fruit is edible and can be made into jellies. Adapted to dry Rocky soils. 2-3 ft., 75c; 3-4 ft., $1.00.

**SORBARIA—FALSE SPIREA**
They spread rather rapidly by suckers. Thrive in rich moist soil.

**Sorbaria sorbifolia; Ural False Spirea.** (4 to 5 ft.) Leaves out very early in the spring, showing very attractive ash-like foliage, followed with large, fluffy heads of white flowers, June-July. 2-3 ft., 75c; 3-4 ft., $1.00.

**SPIREA**
Popular ornamental subjects for lawn and landscape planting. Spiraeas thrive in any good soil but require plenty of moisture and sunny exposure.

**Spiraea arguta; Garland Spirea.** (to 6 ft.) Upright, hardy shrub, small bright green leaves covered with single white flowers April-May. We consider this Spirea much better than the popular Vanhoutte Spirea. 2-3 ft., 60c; 3-4 ft., 75c.

**S. belliardii; Billiard Spirea.** (to 6 ft.) Has dense spikes of rose-pink flowers that crown sparsely twigged erect branches. For shrubbery groups, natural plantings and moist places. July-September. 3-4 ft., 75c; 4-5 ft., $1.00.

**S. froebelii; Frobel Spirea.** (to 4 ft.) Vigorous, spreading grower. Bright pink flowers, May-June. Purplish tips in spring. Beautiful autumn colors. Very hardy. Used extensively and a fine dwarf shrub. 18-24 in., 60c; 2-3 ft., 85c.

**S. trichocharpa; Korean Bridal Wreath.** (to 5 ft.) New hardy spirea. Similar to Vanhoutte Spirea. Blooms a little later, and the flowers are larger. 2-3 ft., 75c; 3-4 ft., $1.00.
SHRUBS—HEDGES

S. vanliouttei; Vanhoutte Spirea. (to 6 ft.) Commonly called Bridal Wreath. One of the best shrubs. Graceful habit of growth. Pure white flowers April-May. Blooms profusely. 2-3 ft., 50c; 3-4 ft., 75c; 4-5 ft., $1.00.

SYMPHORICARPUS—SNOWBERRY
Grown for the ornamental fruits, as well as the foliage and attractive habit. Not particular as to soil.

Symphoricarpus racemosus; Common Snowberry. (to 5 ft.) Attractive green foliage, pink flowers June-July. Large white fruit in clusters in autumn. 2-3 ft., 60c; 3-4 ft., 75c.

S. vulgaris; Coralberry (to 5 ft.) Sometimes called Red Snowberry and Indian Currant. Hardy shrub, succeeds everywhere. Coral red berries in Autumn and winter. 2-3 ft., 60c; 3-4 ft., 75c.

SYRINGA—LILAC
As a vernacular name, Syringa is sometimes applied to the Mock Orange or Philadelphia. Lilacs are among the most popular ornamental shrubs. They thrive in fertile rather moist soils.

Syringa josikaea; Hungarian Lilac. (to 10 ft.) Upright grower, attractive dark green foliage, dark violet flowers in June. A sure bloomer. 2-3 ft., 75c; 3-4 ft., 1.00; 4-5 ft., 1.50.

S. persica; Persian Lilac. (8 to 10 ft.) Spreading habit, slender arching branches with small leaves. Pale lilac flowers, April-May. 2-3 ft., 75c; 3-4 ft., 1.00; 4-5 ft., 1.50.

S. vulgaris var. alba; Common White Lilac. (12 to 15 ft.) Hardy, vigorous shrub. Attractive foliage, single white flowers. 3-4 ft., 1.00.

TAMARIX
Grown for ornament, as wind-breaks, and along the coast as they withstand salt spray. Necessary to every planting.

Tamarix hispida; Kashgar Tamarix. (15 to 20 ft.) The best Tamarix for this climate. Feathery silvery-green foliage, with long panicles of lavender-pink flowers. Remaining in bloom throughout most of June and July. 3-4 ft., 75c; 4-5 ft., 1.00.

VIBURNUM
Some of the viburnums are known as haws. They are amongst the most popular shrubs, and many of them assume attractive autumn colors. They make good bird refuges because of their autumn and winter fruits. They are not particular as to soil.

Viburnum lentatum; Arrowwood. (to 12 ft.) Attractive foliage, bushy growth, single white flowers, April-May, followed by bluish-black fruit. 3-4 ft., 1.00.

V. lantana; Wayfaring Tree. (10 to 15 ft.) Upright, attractive green leaves, single white flowers May. Bright red fruit changing to black. 2-3 ft., 75c; 3-4 ft., 1.00.

V. lentago; Nannyberry. (18 to 20 ft.) Large growing, upright shrub or small tree. Single white flowers in May. Shining green leaves. Large blue-black fruit. Leaves turning purplish and reddish in fall. 3-4 ft., 1.00.

V. opulus; European Cranberry Bush (High Bush Cranberry). (to 12 ft.) Well known hardy shrub. Single white flowers, April-May, followed by scarlet fruit hanging on until spring. 2-3 ft., 75c; 3-4 ft., 1.00.

V. opulus var. sterile; Common Snowball. (10 to 12 ft.) Well known popular shrub. Blooms profusely. Large double white flowers. April-May. 2-3 ft., 75c; 3-4 ft., 1.00.

HEDGE PLANTS
There are many plants that can be used as a hedge. The Privet hedge makes the most formal of any and can be kept trimmed almost to any shape desired. The shrubs for hedging are of a lighter grade than those offered as plants for the garden, and where one wants a taller growing hedge, the shrubs should be used.

(See descriptions under shrubs)

Very popular.

August 12, 1935.

We want you to know how much we appreciate the planting you have put in for us, at our residence. It is a constant source of pleasure to us, and the stock furnished has done very well indeed. The Rose bed is a “beauty”; I have found it pays to buy good Roses, even if they do cost more.

VINES

AMPELOPSIS

Tendril climbing plants. Grown for covering walls, fences and arbors. They thrive in any good soil.

Ameloposis quinquefolia var. engelmannii; Engelmann Creeper. (20 to 40 ft.) A rapid growing vine clinging tightly to brick, stone or stucco walls and climbing to a great height. It is a very hardy vine, and rarely shows winter injury even in the far north. Two-year-old plants, 50c each; $5.00 per doz.

Ameloposis tricuspidata; Japanese Creeper (Boston Ivy). (40 to 50 ft.) Beautiful foliage in spring and summer, changing to crimson-scarlet in autumn. Clings tight to brick, stone or concrete walls. Succeeds best in this latitude on the north or east side. 2 yr., No. 1, 60c each; $6.00 per dozen.

CELASTRUS—BITTERSWEET

Celastrus scandens; American Bittersweet. Twining shrubs. Suitable for covering walls, trellises and the like. They thrive in common soils. Greenish white flowers in terminal racemes. Fruits in orange-yellow clusters, which remain all winter. 2 yr., $1.00 each.

CLEMATIS—VIRGIN’S BOWER

Clematis prosper in fertile light loamy soil which is well drained.

Clematis jackmani; Jackman Clematis (to 10 ft.) Violet-purple flowers to 6 inches across, usually in threes. They bloom on wood of the season and may be pruned when dormant. Where the ground freezes about the roots the nematode disease is not prevalent. Potted, 2 yr. medium. $1.00 each; bare root, 2 yr. No. 1. $1.00 each. (Bare root plants for mail orders.)

Note: We guarantee good, strong, live plants on delivery, but will not be responsible for future results on Clematis Jackmani.

INSIST ON COLORADO GROWN STOCK

Silver Lace Vine (See page 26)
Clematis paniculata; Sweet Autumn Clematis (to 30 ft.) The flowers are of medium size, fragrant, pure white, borne in immense sheets in September. Should be provided with a trellis or something to climb as soon as it starts its growth. 50c each. (Clematis should not be set where the drip from the eaves falls upon it.)

**Lonicera—Honeysuckle**

Lonicera japonica var. halliana; Hall's Japanese Honeysuckle (to 25 ft.) Rapid growing vine with beautiful foliage. Delightfully fragrant creamy white flowers. Makes a fine hedge or covering for walls or unsightly places. 2 yr. No. 1, 50c each.

**Ionicera sempervirens; Scarlet Trumpet Honeysuckle** (to 30 ft.) A rapid growing vine with clusters of trumpet-shaped scarlet flowers. Very hardy. 2 yr., 50c each.

**Polygonum—Fleece Flower**

Polygonum baldschuanicum; Silver Fleecevine (to 20 ft.) Also called Silver Lace Vine and Bride's Veil. A hardy climber of recent introduction from the mountains of Turkestn. It is of rapid growth, frequently attaining a height of 10 to 14 feet in one season, producing a mass of foamy white flowers. 2 yr., 75c each; extra size, $1 each. (See cut p. 25)

**Juniperus—Junipers**

Evergreens especially selected for shape, beauty and color, cannot be sold at following prices.

Height specified after variety indicates height tree should attain at maturity. All conifers listed are hardy here. We have other species not listed and will be glad to give prices on anything you want. Prices on larger sizes of those listed may be obtained upon application.

**J. chinensis var. picturiana; Pfitzer Juniper** (to 6 ft.) One of the best low-growing forms. Spreading habit. Foliage is attractive blueish-green. 2-2½ ft., $5.00; 2½-3 ft., $6.00; 3-4 ft., $7.50.

**J. sabina; Savin Juniper** (to 4 ft.) Spreading form with slender branches and dark green leaves. Excellent for foundation work and for underplanting. 18-24 in., $3.50; 2 to 2½ ft., $4.50; 2½-3 ft., $5.50; 3-4 ft., $7.00.

**J. sabina var. tamariscifolia; Tamarix Savin Juniper** (to 2 ft.) An excellent creeping form. Foliage of fine texture and with a bluish-green hue. Grows very dense and never changes color. 12-18 in., $2.75; 18-24 in., $4.50; 2-2½ ft., $6.00.

**Juniperus scopulorum; Colorado Silver Juniper** (to 30 ft.) Silvery foliage and close symmetrical upright growth. Thrives in hot, dry weather, when the color is the brightest. Very hardy. Best of the upright-growing Junipers. 3-4 ft., $6.00; 4-5 ft., $8.00; 5-6 ft., $10.00; 6-7 ft., $12.00.

(See cut, page 27)

**CONIFERS**

The following is a list of the better varieties of evergreens that are being used extensively in landscaping. These trees are well rooted and well shaped and are worthy of any planting. We do not have Arbor Vitaes—they are not hardy here.

**ABIES—FIRS**

Large evergreen trees of pyramidal habit and continuous trunk. Flat leaves.

**Abies concolor; White Fir** (to 100 ft.) Silvery toned foliage, varying from sea-green to deep blue. Forms a compact symmetrical tree. 4-5 ft., $14.00; 5-6 ft., $17.50.

**INSIST ON COLORADO GROWN STOCK**
PICEA—SPEUCE

Tall evergreen trees of pyramidal habit and continuous trunk.

Picea pungens var. glauca; Colorado Blue Spruce (to 60 ft.) This tree is undoubtedly the most popular of the ornamental conifers throughout the country. This tree is referred to as "The Glory of the Conifers." Select "blues" at the following prices: 3-3½ ft., $9.00; 3½-4 ft., $10.50; 4-5 ft., $13.50; 5-6 ft., $17.50.

P. engelmannii; Engelmann Spruce (to 90 ft.) Somewhat similar to Colorado Spruce. Dense growth and blueish. 4-5 ft., $10.00; 5-6 ft., $14.00; 6-7 ft., $18.00.

PINUS—PINE

Large evergreen trees, furnishing valuable timber and ornamental trees, a few dwarf and compact forms.

Pinus edulis; Pinon Pine (to 15 ft.) A very hardy species of pine. Will grow fine in hot, dry conditions. Produces an edible nut, which is delicious. Very dark green short leaves. Slow growing. 2½-3 ft., $5.50; 3-4 ft., $7.00.

P. montana var compacta; Dwarf Mugho Pine (to 5 ft.) A dense globose form. Should be kept trimmed. Very good for specimen. 15-18 in., $3.00; 18-24 in., $4.00; 2-2½ ft., $5.50.

INSIST ON COLORADO GROWN STOCK
Hardy Perennial and Rock Garden Plants
Prepaid at prices quoted

STRONG FIELD-GROWN PLANTS
(R. G. Indicates Rock Garden Plants)

No flower garden is complete without a collection of these most valuable plants. With a little care they may be selected so as to give a continuous supply of flowers from early spring to autumn frosts. They require far less care than the annuals or bedding plants, and may be used to good advantage to fill odd corners along fences, and to screen unsightly objects. They are perfectly hardy, and yet for winter they should have a slight covering of leaves or other litter. Care should also be taken to prevent pools of water standing on them during winter.

ACHILLEA—YARROW

Yarrows are grown in borders and the smaller species in rock-gardens and bloom in the spring and summer, often lasting until autumn. They are of easy culture.

Achillea filipendulina; Perennial Yarrow. (6 to 2 ft.) Flat heads of brilliant yellow flowers, finely cut foliage. Blooms last dried all winter. 35c each; $3.50 per dozen.

A. millefolium roseum; Rosy M. (R. G.) (to 18 in.) Head of soft pink rose flowers, finely cut foliage. June-August. 25c each; $2.50 per dozen.

A. ptarmica; The Pearl. Pure white, double flowers all summer. Prized for cutting. 35c each; $3.50 per dozen.

A. tomentosa; Woolly Yarrow. (6 to 8 inches.) July to September. Bright yellow flowers. Excellent for rockeries; plant 4 inches apart. 35c each; $3.50 per dozen.

ALLIUM—ONION

Allium schoenoprasum; Chive (R. G.) (1 ft.) Leaves cylindrical and hollow; flowers rose-purple in many flowered umbels. Leaves used in salads, etc. 25c each; $2.50 per dozen.

ALTHEA—HOLLYHOCKS

Althea rosea; Hollyhocks (4 to 6 ft.) Double flowered, strong field roots. As a background in large borders or beds of the lower herbaceous plants, there is nothing better. Separate colors—Red, Pink, Yellow, White, Buff, Black, Lilac. Mauve. 25c each; $2.00 per dozen.

ALYSSUM—MADWORTH

A few are grown in rock-gardens and borders, in open or sunny locations. They require the usual culture for perennials.

Alyssum argenteum; Yellow-Tuft. Dense growth. Leaves silvery beneath. flowers yellow. In clustered heads, all summer. About 15 inches. (R. G.) 35c each; $3.50 per dozen.

A. saxatile compactum; Rock Madwort (R. G.) (10 in.) Sometimes called a "Basket of Gold." Low sprawling habit of growth, producing masses of bright yellow flowers in May. 35c each; $3.50 per dozen.

ANCHUSA—BUGLOSS

Anchusa myosotidiflora; Siberian Bugloss (1 ft.) Clusters of charming blue flowers resembling Forget-Me-Not. An effective rock plant for shady places. May. 35c each; $3.50 per dozen.

ANTHEMUS—CAMOMILE

Anthemis kelwayi; Golden Marguerite. (3 ft.) Handsome, finely cut foliage, and large golden yellow flowers produced all summer. Succeeds in the poorest soil, excellent cut flowers. 25c each; $2.50 per dozen.

AQUILEGIA—COLUMBINE

Columbines are favorites in the rock-gardens and the perennial border. They thrive in light sandy loam.

Aquilegia coerulea; Rocky Mt. Blue Columbine. (2 ft.) Large blue flowers with long spurs, center creamy white. Best of the Columbines. 25c each; $2.50 per dozen.

A. hybridum; Star. This remarkable novelty combines all the charm of the ordinary Aquilegia with other qualities, which make it more effective as a garden plant. Its flowers are very large with crimson sepals and spurs, and white petals; and entirely new color in Columbines. 35c each; $3.50 per dozen.

ARABIS—ROCK CRESS

Arabis alpina; Mountain Rock-Cress. Pure white flowers produced in dense masses, splendid for border and rockery work, and last quite some time when cut. 35c each; $3.50 per dozen.

ARTEMESIA—WORMWOOD

Artemisia abrotanum; Old Man (to 5 ft.) Sometimes called "Southernwood." Almost shrubby, has silvery-white, silky foliage. Good for margins of the border. 25c each; $2.50 per dozen.

ASCLEPIAS—MILKWEED

Asclepias tuberosa; Butterfly Weed (R. G.) (18 in.) Bright orange flowers. seed pods very decorative. July-August. 25c each; $2.50 per dozen.

December 10, 1935.

W. W. Wilmore Nurseries, Denver, Colorado.

Gentlemen:

Please accept this as a voluntary letter in appreciation of your services and particularly for the attention of Mr. Edward Jerome to our landscaping, shrubs and flowers.

Our rose bed has been the envy of the entire town. This bed is only about fifteen feet long and six feet wide with less than three dozen bushes and at times we have counted over two hundred blossoms. We have enjoyed these rose buds from the earliest days of spring until long after the frost had killed everything else. Many people have phoned and asked about them and I have referred them to you.

Kindest personal regards.

Most respectfully yours,

H. E. Huffman, Pres. and General Mgr. General Theatres, Inc.
Harebell. A pretty species growing in May and June. Plant in full sun. 6 to 8 inches apart. 35c each; $3.50 per dozen.

**Aster—Michaelmas Daisy**

Aster alpinus, Goliath. Indispensable for the rockery or edge of hardy borders; 6 to 10 inches high, and bears large, showy bluish purple flowers in May and June. Plant in full sun. 6 to 8 inches apart. 35c each; $3.50 per dozen.

**Asters, Hardy; Michaelmas Daisies**

We offer four colors only—Blue, Blush, Lavender and Pink. 25c each; $2.00 per dozen.

**Babol (See Gypsophila)**

**Campanula—Bellflower**

Campanulas are popular for the flower-garden, rockery and borders.

**Campanula carpatica; Carpathian Harebell.** A pretty species growing in compact tufts not exceeding 8 inches high; flowers clear blue, held erect on wiry stems. It begins blooming in June, continuing until October. As an edging for hardy border or for the rockery it is unsurpassed. 35c each; $3.50 per dozen.

**Campanula glomerata var. superba.** A Campanula should be in every garden. 18 inches. June and July. Deep violet flowers. 35c each; $3.50 per dozen.

**Campanula medium; Canterbury Bells.** (2 ft.) Pendant bell-shaped blossoms, in colors of Pink, Blue and White, mixed. 25c each; $2.00 per dozen.

**Campanula persicifolia; Peachleaf Bellflower.** (3 ft.) Large bright blue flowers making an effective contrast. 35c each; $3.50 per dozen.

**Centranthus—Jupiter’s Beard**

Centranthus ruber; Red Valerian (3 ft.) Glaucous perennial. Flowers crimson or pale red, fragrant. 25c each; $2.50 per dozen.

**Cerastium tomentosum; Snow-in-Summer (See Dianthus)**

**Chrysanthemum**

Chrysanthemum maximum; Alaska Daisy (2 ft.) Immense snow-white flowers, 4 in. in diameter. Blooms through the season. One of the best daisies grown. 25c each; $2.50 per dozen.

**C. Alladin; The Perpetual Flowering Chrysanthemum.** As the plant develops the lateral branches make a surprising growth, throwing the lateral and sublateral flowers well above the first terminal bloom, thus giving a continuous succession of bloom. The first blooms appear late in July and early August, the color at first being an exquisite warm coppery bronze, with an overlay of orange-apricot shade which deepens in early autumn. 50c each; $5.00 per dozen.

C. Amelia; Pink Cushion. The dwarfest of mums, not over 10 inches high, completely covered with pink blossoms so that the plant resembles an Azalea. 50c each; $5.00 per dozen.

**Chrysanthemum, Hardy Garden.** Late bloomers. September and October. Five colors—Red, White, Pink, Yellow and Bronze. 25c each; $2.50 per dozen.

**Columbine**

(See Aquilegia)

**Convallaria**

Convallaria majalis; Lily-of-the-Valley. Just the thing to put into that cold, shaded strip along the walk on the east or north side of the house. The loose panicles of tiny bell-flowers set low in their emerald foliage are not conspicuous; but they do cover the waste ground, furnish a vast amount of cut sprays and sweetly perfume the entire yard. A good rockery subject. 10c each; 75c per dozen.

**Coreopsis—Tickseed**

Coreopsis lanceolata grandiflora (2 ft.) Large yellow daisy-like flowers. June and July. 20c each; $2.00 per dozen.

**Delphinium—Larkspur**

Delphinium Belladonna, "The Heavily Blue" Delphinium. Flowers on long spikes, sky-blue and good for cutting. 25c each; $2.50 per dozen.

**Bellamosa.** Very similar to the above, only of a dark blue color. 25c each; $2.50 per dozen.

**Gold Medal Hybrids.** Extraordinary long spikes and choice range of colors through the blues to the pinks and orchids. Very beautiful. 35c each; $3.50 per dozen.

**Dianthus—Pink**

Dianthus barbatus; Old Fashioned Sweet William (R. G.) (15 in.) An old favorite, which needs no description. As the plant develops so that the plant resembles an Azalea. 50c each; $5.00 per dozen.

**D. Caryophyllus; Clove Pink (R. G.)** (12 in.) This is the only carnation pink we can truly recommend as being hardy. Delightfully fragrant. Mixed colors. 25c each; $2.50 per dozen.

**D. deltoides; Malden Pink.** A beautiful little prostrate plant with narrow leaves, and bearing a succession of glowing crimson red flowers during June and July; a most striking rock plant. 25c each; $2.50 per dozen.

**D. latifolius atrocinus, Ti. Pl. (R. G.)** (18 in.) Everblooming Japanese Sweet William. Fiery crimson. All summer. 25c each; $2.50 per dozen.

**Dentaria**

Dentaria spectabilis; Bleeding Heart (18 in.) Graceful sprays of heart-shaped pink and white flowers. 50c each; $5.00 per dozen.

**Dictamnus—Burning Bush**

Dictamnus albus var. rubra; Purple Burning bush (to 3 ft.) Pink flowers in long terminal racemes. Very fragrant and lasting. 35c each; $3.50 per dozen.

**Dryopteris—Woodfern**

Dryopteris Felix-mas; Colorado Male Fern (R. G.) Grows in partly shaded situations. The large fronds form a vase-like cluster about the crown and are of durable texture and nearly evergreen. It retains, therefore, its splendid appearance throughout the season. 50c each; $5.00 per dozen.
ERIGERON—FLEABANE
Erigeron speciosus var. grandiflorus; Purple Oregan Fleabane. (2 ft.) Large, handsome blue flowers, violet tinted and yellow centers, during June and July; fine for cutting. 35c each; $3.50 per dozen.

EUPHORBIA—SPURGE
Euphorbia myrsinites; Spurge (R. G.) A pretty prostrate species with bluish foliage. One of the earliest things to bloom. Bright yellow crowded heads. 25c each; $2.50 per dozen.

FERNS (Hardy)
(See Dryopteris)

FORGET-ME-NOT
(See Myosotis)

FESTUCA—FESCUE
Festuca ovina glauca; Blue Fescue (6 in.) A very compact silvery grass that grows but 6 inches high. Makes a highly desirable border for the flower bed. 25c each; $2.50 per dozen.

GAillardia—BLANKET FLOWER
Gaillardia grandiflora; Blanket Flower (2 ft.) Blooms all summer. Flowers deep red with yellow border. 25c each; $2.00 per dozen.

GLOBULARIA
Globularia trichosantha; Globe Daisy (to 8 in.) A dwarf, tufted little plant with beautiful lavender flower heads. Does well in front of a well-drained border and is a brilliant picture in the rock garden. 35c each; $3.50 per dozen.

GOLDENROD
(See Solidago)

GYPSOPHILA
Gypsophila paniculata; Baby’s Breath (2 ft.) A beautiful perennial. Blooms in a spherical mass of minute, pure-white flowers. 25c each; $2.50 per doz.

GYPSOPHILA F1. Pl.; Double Baby’s Breath (3 ft.) A double form of the above. Blooms two weeks later. Much finer than the single form. 50c each; $5.00 per dozen.

HELIANTHEMUM—SUN ROSE
Helianthemum mutable; Rock or Sun Rose (R. G.) (12 in.) Mixed, varying in color from yellow and white to rose and purple. June and July. 25c each; $2.50 per dozen.

HELIOPSIS
Heliospis helianthoides var. pitheriana; Sunflower Heliospis. A desirable variety. The flowers are of a beautiful deep golden yellow, about 2 inches in diameter, very thick texture and a useful cut flower. Stems 3 ft. high, from July to August. 35c each; $3.50 per dozen.

HEMEROCALLIS—DAYLILY
Hemerocallis flava; Lemon Lily (2¼ ft.) A most useful variety, growing about 2 feet high, with clusters of lily-like flowers of a rich lemon-yellow. Fragrant. 25c each; $2.50 per dozen.

HIBISCUS—ROSEMALOW
Hibiscus; Rose Mallow (5 ft.) Very large, single blossoms. Colors—Red, Pink and White, mixed. 25c each; $2.50 per dozen.

HOLLYHOCK
(See Althea)

IBERIS—CANDYTUFT
Iberis sempervirens; Evergreen Candytuft. (12 inches.) Covered with a sheet of white flowers in spring, completely covering its rich dark green foliage; a particularly fine rock plant. 35c each; $3.50 per dozen.

IRIS
Late introductions of special merit. 25c each; $2.50 per dozen.

Ambassador. Bronze and violet.
Anna Farr. Pale blue.
Bruno. Large. Deep, rich purple, shaded bronze.
Dream. Lilac and violet.
Lord of June. Lavender blue.
Lent Williamson. Violet.
Mother of Pearl. Pearl.
Mme. Gaudichau. Purple.
Oriflamme. Dark lavender.
Palilla Dalmatica. Lavender.
Siberica. Dark blue.
Yellow. Old favorite.
Iris pumila. A dwarf edging Iris. Blooms very early. Dark navy blue. 25c each; $2.50 per dozen.

LARKSPUR
(See Delphinium)

LEMON LILY
(See Hemerocallis)

LILIUM—LILY
L. regale; Royal or Regal Lily. Flower stems are slender and flexible but tense as steel and from 2 to 4 feet tall, covered with dense narrow foliage and crowned with a profusion of funnel-shaped blooms, the outside of which are streaked brown and shading off to pink. The inside is flushed yellow in center, shading off to pure white at the outer edge. Sweet scented. 35c each; $3.50 per dozen.

LILY-OF-THE-VALLEY
(See Convallaria)

L. tenuifolium; Coral Lily. A small, tender, growing lily, not more than eighteen inches high, with bright scarlet flowers and recurved petals. One of the prettiest little lilies in cultivation. 25c each; $2.50 per dozen.

Lilium tigrinum var. flore-pleno; Tiger Lily (6 ft.) A double form of this old garden favorite. 25c each; $2.50 per dozen.

LIMONIUM—SEA LAVENDER
Limonium latifolium; Sea Lavender or Statice (18 in.) All these plants have broad, leathery leaves. Bloom in globular heads. Flowers lavender, and if cut in full bloom will make valuable winter bouquets. 35c each; $3.50 per dozen.

LIMONIUM—SEA LAVENDER
Limonium latifolium; Sea Lavender or Statice (18 in.) All these plants have broad, leathery leaves. Bloom in globular heads. Flowers lavender, and if cut in full bloom will make valuable winter bouquets. 35c each; $3.50 per dozen.

LINUM—FLAX
Linum perenne; Blue Hardy Flax (18 in.) Blooms almost all summer. Blue flowers in the morning. July-August. 25c each; $2.50 per dozen.

LUPINUS—LUPINE
Lupinus hybridus; Hybrid Lupines (3 ft.) Flowers borne on long spikes in spring, must be planted where there is plenty of moisture. June-July. In separate colors—Blue, Pink and White. 25c each; $2.50 per dozen.

INSIST ON COLORADO GROWN STOCK
LYCHNIS—CAMPION OR CATCHFLY

Lycnthis coronaria; Rose Campion.
Agrostemma (Mullein Pink). Bright rosy crimson. (2 1/2 to 3 ft.) Best variety for average American gardens. 25c each; $2.50 per dozen.

MYOSOTIS—FORGET-ME-NOT

Myosotis alpestris; Alpine Forget-Me-Not (R. G.) (8 in.) An exceptional ground cover. Familiar plant, producing quantities of blue blossoms in the spring. 25c each; $2.50 per dozen.

MYRTLE

(See Vinca)

NEPETA—GROUND IVY OR CATNIP

Nepeta hederacea (glechoma); Ground-Ivy. A hairy, creeping perennial; stems leafy, making a dense mat, and growing on both sides. A good ground cover and rockery plant. 35c each; $3.50 per dozen.

Nepeta mussini; an excellent plant for any position, but especially useful in the rock garden. Of dwarf, compact habit, producing masses of bloom of a bicolored shade of lavender all summer and intermittently during the summer. 35c each; $3.50 per dozen.

PAPAVER—POPPY

Papaver orientale; Oriental Poppy (4 ft.) This poppy is perfectly hardy. Its large, orange-scarlet flowers make it one of the most showy of all plants. 25c each; $2.50 per dozen.

PENTSTEMON—BEARD TONGUE

Pentstemon barbatus; (6 ft.) Spikes of bright scarlet flowers from June till August. A very effective plant for the border. 25c each; $2.50 per dozen.

P. Blue Gem. A very fine variety, covering much of the border with opalescent flowers. A beautiful border plant. 35c each; $3.50 per dozen.

P. hirsutus (pubescens); Eastern Pentstemon; stems 24 inches high, covered with violet flowers shading to a flesh-pink; excellent for hot, dry places in the border; is also a very fine wall or rock plant. It enjoys hot dry exposures. 35c each; $3.50 per dozen.

PHLOX

(See page 16)

PEONIES

(See page 16)

PAINTED DAISY

(See Pyrethrum)

PINKS—HARDY CLOVE

(See Dianthus)

POPPY

(See Papaver)

PLATYCODON—BALLOON FLOWER

Platyodon grandiflorum (2 1/2 ft.) Differing from Campanula chiefly in the opening of the caps. Flowers deep blue, open bell-shaped, to 2 inches across, solitary. June-July. 25c each; $2.50 per dozen.

POLENIONIUM

Polemonium caeruleum; Greek-Valerian. Sometimes called "Jacobs-Ladder." (3 ft.) Blue flowers, 1 inch across, drooping. Bushy plant of graceful growth. Useful in rock-garden and border. 35c each; $3.50 per dozen.

PYRETHRUM—PAINTED DAISY

Pyrethrum roseum var. kelwayi. Kelway's Painted Lily. (4 ft.) A brilliant red form of Pyrethrum, very fine, fern-like foliage. Daisy-like flowers. Blooms in May and June. 25c each; $2.50 per dozen.

RANUNCULUS—BUTTERCUP

Ranunculus acris var. Fl. Pl.; Tall Buttercup (2 ft.) Very pretty golden-yellow, double flowers. 25c each; $2.50 per dozen.

RED-HOT—POKER

(See Tritoma)

SANTOLINA—LAVENDER COTTON

Santolina incana; Hoary Lavender Cotton (1 ft.) A dwarf evergreen perennial with sweet-smelling grey leaves. Can be trimmed to shape. Good edging plant. Very attractive silvery foliage. 25c each; $2.50 per dozen.

SCABIOSA

Scabiosa caucasica; Pin Cushion Flower (18 in.) Sometimes called "Blue Bonnet." Soft shade of lavender. June-September. 25c each; $2.50 per dozen.

SEDUM—STONECROP

Sedum acre; Gold Moss. Much used for covering graves; foliage green; flowers bright yellow; prostrate and slowly spreading. 35c each; $3.50 per dozen.

S. altissimum. Evergreen to 1 foot. Greenish white flowers to 1 1/2 in. across in summer. 35c each; $3.50 per dozen.

S. ewersi; Ewers Stonecrop. A very nice variety of sub-trailing habit. Foliage is glaucous gray. In October the plant is covered with rose-colored flowers. 35c each; $3.50 per dozen.

S. Hispanicum var. minus; Spanish Stonecrop. (R. G.) (2 in.) Perennial with glaucous-blue foliage, yellow flowers. Very dwarf form. 25c each; $2.50 per dozen.

S. kamtschaticum; Orange Stonecrop. Orange-yellow flowers with prostate, green foliage, turning golden in autumn. 35c each; $3.50 per dozen.

S. maximowiczi; Amur Stonecrop. Bright yellow flowers. 1 foot. July and August. 35c each; $3.50 per dozen.

INSIST ON COLORADO GROWN STOCK
S. sarmentosum; Stringy Stonecrop. Excellent dwarf creeper for rockeries or border edgings. The best Sedum for filling seams between rocks in wall garden; rapid grower. 35c each; $3.50 per dozen.

S. sieboldi; Seibold Stonecrop. Round, succulent, glaucous foliage; bright pink flowers in October. The loveliest of all Sedums. 35c each; $3.50 per dozen.

Sedum spurium, var. coccineum; Two-Row Sedum (to 6 ft.) Creeping perennial, forming mats, nearly evergreen, leaves tawny or reddish in winter. 25c each; $2.50 per dozen.

S. stoloniferum; Running Stonecrop. Most desirable; evergreen leaves; flowers purplish pink. July and August. Excellent for rock garden. 6 inches. 35c each; $3.50 per dozen.

SIDALcea—GREEK-MALLOW

Sidalcea nervata var. rosea. Erect growing, more or less branching plants. 2 to 3 feet tall, bearing their showy bright rose-colored flowers in June and July. They will succeed in any garden soil in a sunny position. 35c each; $3.50 per dozen.

SILERI—CATCHFLY OR CAMPION

Silene schafta; Autumn Catchfly. A charming border or rock plant, growing from 4 to 6 inches high, with masses of bright pink flowers from July to October. 35c each; $3.50 per dozen.

SOLIDAGO—GOLDEN ROD

Solidago; Golden Rod (4 to 5 ft.) A vigorous, strong-growing, graceful plant, producing golden yellow flowers in September. 25c each; $2.50 per dozen.

STACHYS—WOUNDWORT

Stachys lanata; Lamb's-Ears. Fine, old-fashioned cottage garden plant for edging; useful in rock garden; dwarf, soft silvery foliage, flowers useless. 4 inches. 35c each; $3.50 per dozen.

STATICE (See Limonium)

SWEET WILLIAM (See Dianthus)

TRITOMA—TORCH LILY OR POKER PLANT

Tritoma pfisteriana; Red-Hot Poker (2 ft.) Grass-like foliage. Flowers in tall, dense spikes of brilliant red; slender trumpet-like flowers. 50c each; $5.00 per dozen.

TUNICA—TUNE FLOWER

Tunica saxifraga; Coatflower. A pretty tufted plant with light pink flowers, produced all summer. About 6 inches high; for the rockery or border. 35c each; $3.50 per dozen.

VERONICA—SPEEDWELL

Veronica longifolia var. subsessilis; Clump Speedwell. (2 ft.) July to September. One of the handsomest blue-flowering plants. Perfectly hardy and increases in strength and beauty each year. Spikes completely studded with beautiful blue flowers; fine for cutting and one of the best plants for the hardy border. 35c each; $3.50 per dozen.

V. spuria; Bastard Speedwell. "Royal Blue." Brilliant blue spikes of rich gentian blue flowers. 10 to 15 inches. June and July flowering. 35c each; $3.50 per dozen.

VINCA—PERIWINKLE

Vinca minor; Running Myrtle. Trailling evergreen. Flowers lilac-blue. Good ground cover. Sometimes called "Periwinkle." 25c each; $2.50 per dozen.

VIOLA—VIOLET

Nearly all Violas thrive best in partial shade and fairly rich soil. They require plenty of moisture and a winter covering of leaves or evergreen boughs. Viola cornuta; Tufted Pansy. Very desirable spring planting, blooming continuously from early spring to late fall. Popular forms in the following colors: white, yellow, apricot, purple, violet and blue. 25c each; $2.50 per dozen.

YUCCA

Yucca filamentosa; Adam's Needle (to 3 ft.) Nearly stemless leaves to 2½ feet long and 1 inch wide. Flowers nearly white, to 2 inches long. This plant with its broad sword-like evergreen foliage is indispensable in landscape work. Good for rock work. 25c each; $2.50 per dozen.

INSECT PESTS COMMON TO EVERGREENS

The two most common insects that infest the Juniper and Spruce family, are red spider and aphis, or aphids as they are also known. Red Spider is detected readily by the foliage turning to a yellowish green, and later to brown dead needles, when the infestation gets real bad; usually starting near the ground on upright growing trees, but appearing most any place on the prostrate or low growing types. Treatment: A dusting of lime-sulphur to the infested area, or by spraying with two tablespoons full of carpenters liquid glue, to a gallon of water readily by the foliage turning to a yellowish green, and later to brown dead needles, when the infestation gets real bad; usually starting near the ground on upright growing trees, but appearing most any place on the prostrate or low growing types. Treatment: A dusting of lime-sulphur to the infested area, or by spraying with two tablespoons full of carpenters liquid glue, to a gallon of water.
How to Grow and Care for Dahlias

If possible, plant in an open, sunny situation. Prepare the soil thoroughly by deep digging. Be moderate in the use of both manure and water. Never plant when the soil is wet. Lay the tuber flat on its side and cover it four inches deep, pressing the soil firmly on the tuber. Keep the soil loose and mellow by frequent hoeing, drawing the soil to a slight hillock around the plant.

Tall growing varieties may be kept fairly dwarf by pinching out the tip when the first shoot is six inches high. All varieties growing above four feet should be tied to stout stakes to hold them in position.

3x3 feet is about the proper distance to plant apart.

Keep all dead flowers trimmed off.

Dahlia blooms keep much better if cut in the evening—about sunset—and the less foliage taken off with the flowers, the better for both plant and flower. If green is desired, use some other green of better keeping qualities.

After frost has killed the tops, dig the tubers carefully, remove the soil from the roots, and store away in a box or barrel secure from frost. As a precaution it would be well to cover the tubers so stored with sand, leaves or moss.

All clumps should be divided into several pieces before being reset the following spring.

Our Guarantee

We deliver the best stock obtainable, to all our customers. What stock we do not grow ourselves, is purchased from reliable sources, and the very best quality possible is procured. Price is secondary,—quality comes first. Except where noted all stock purchased from us is guaranteed to grow,—said guarantee covering the first growing season, following the planting only. We assume no responsibility for winter kill of any kind, on stock planted the previous spring; but will be responsible for fall planted stock that fails to survive thru the next spring’s growth. Our guarantee, however, is only good where reasonable care is given to the stock by the purchaser, and where we do the planting. We will replace at half-price, on stock planted by the customer. Feel free to call or write us regarding any information wanted as to watering, cultivation, mulching for winter protection, etc., when in doubt on any matter. Thousand of plants, trees and shrubs are lost annually, that could easily have been saved, by a little advice from responsible parties. We have a reputation to maintain, and will deal fairly with you.
COLORADO grown nursery stock has demonstrated over and over again its superior merit and adaptability to severe and trying locations and situations.

There are several reasons for this, among which are altitude and therefore slower development, which produces a harder wood fibre. Trees and shrubs in high altitudes ripen and shed their foliage much earlier than in lower altitudes and warmer climates, thus enabling them to enter the winter period in better condition to withstand its rigor. Another important factor is that our climate is practically rainless during the growing season. An irrigation system supplying the water needs, develops a wonderful root action, rendering the transplanting far less hazardous. Nearly all the trees and shrubs listed in this catalog have been grown on the premises and are well ripened and thrifty. The exceptions are Roses and Fruits. These are procured from growers in lower but northern latitudes for the reason that limited growing acreage renders their growing impractical.

Perhaps a word of warning is not out of place. Trees and shrubs should be purchased only from nurseries which have been inspected and certified by proper authorities as being free from injurious insect pests and diseases — or from persons who procure their stock from inspected nurseries. Otherwise the purchaser may be buying infested or infected stock, which may later have to be destroyed.

COLORADO Grown Nursery Stock
